

Erasmus+

# Child exploitation and forced labour

# About our topic

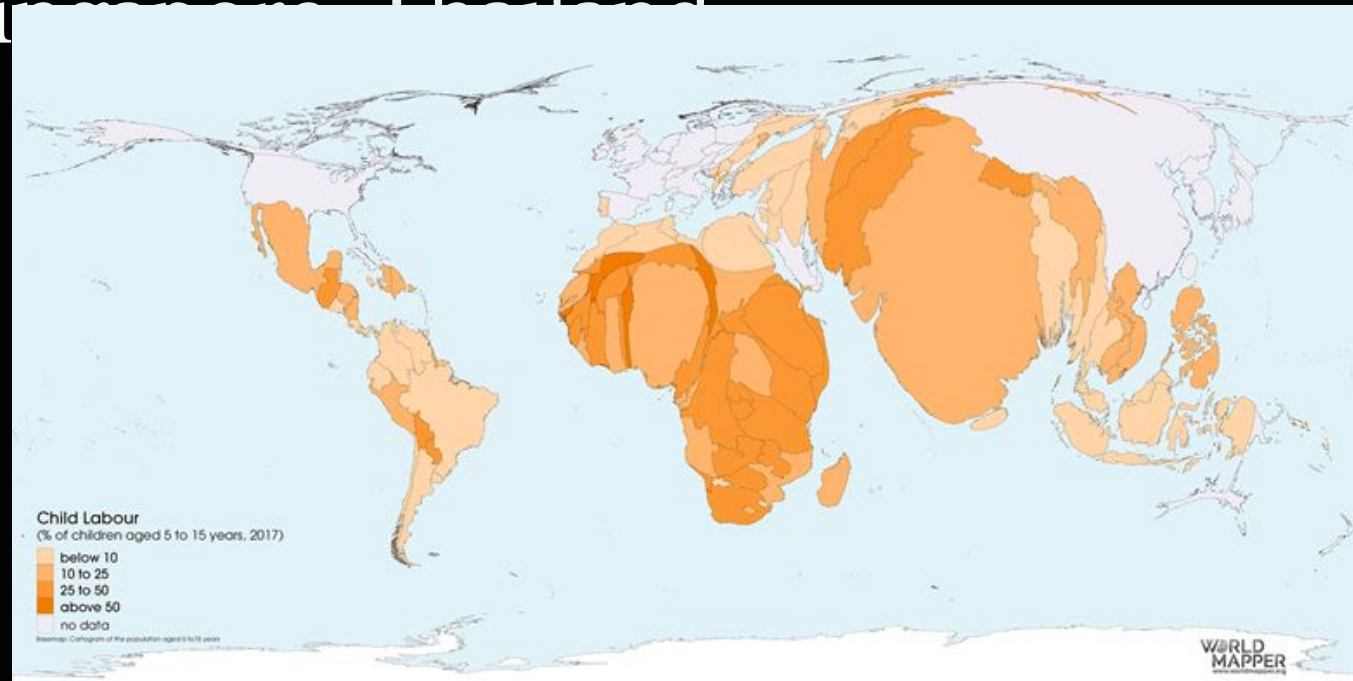

- 100 to 250 milion children under the age of 15 are employed
- child labor is cheap, children can not defend themselves
- the money earned by children supports families, their parents and younger siblings

◆ The state should ban underage children from working!

# About our topic

- In many countries there is still law according to which debts of parents are passed on the next generation and younger family members until they are repaired.
- Pakistan, the Persian Gulf, Lebanon, Maldives, Malaysia, Singapore, Thailand

The biggest NGO that tries to make people aware of injustice.

- Works in over 190 countries and territories
- Saves childrens lives
- Defend their rights
- Help them fulfil their potential

# Benefits to society

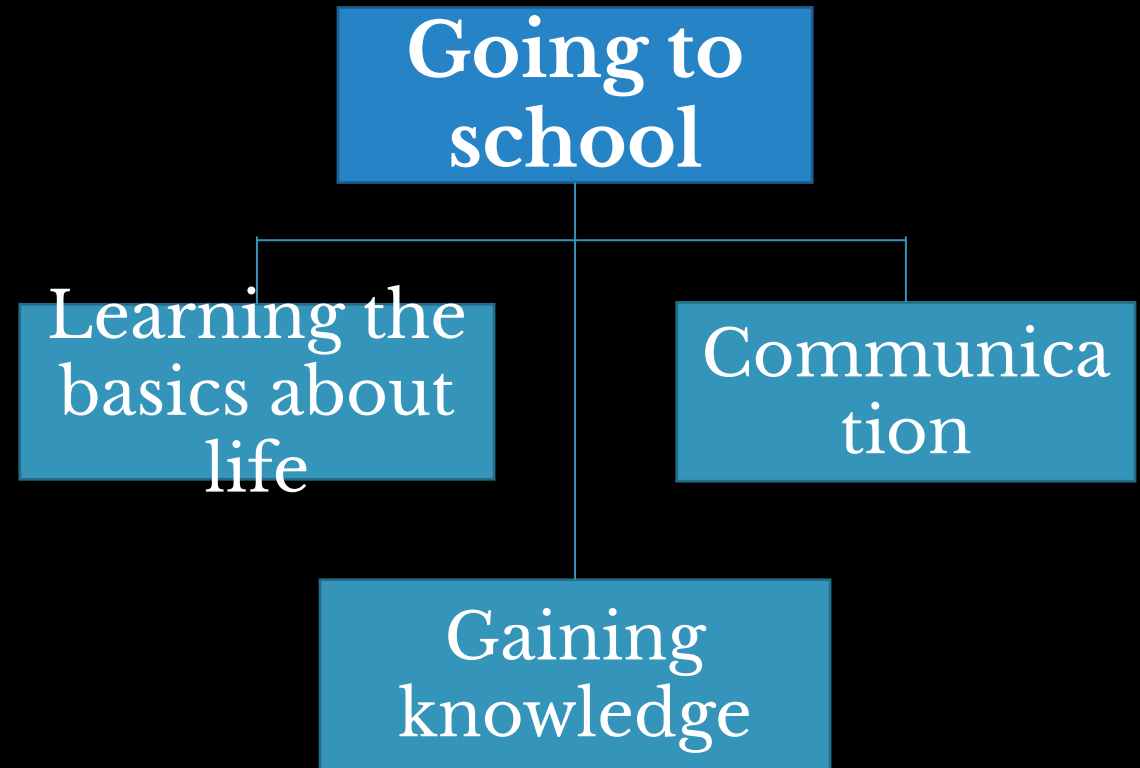

- children are small and helpless
- they can't defend themselves
- companies pay for children work cheaply and so child benefit

# Limits to the problem

- there shouldn't be any limits
- this problem shouldn't even exist
- in Croatia child labor is prohibited
- „*A minor aged 15 and over may be employed only with the authorization of a parent or guardian.*”-gov.hr
